

REMARKS

An Amendment and Response to the Final Office Action was filed August 9, 2004. A Notice of Appeal was filed September 9, 2004. An Advisory Action dated September 13, 2004 indicated the amendments presented in the August 9, 2004 Amendment and Response did not place the application in condition for allowance and therefore those amendments were not entered. The amendments to the specification and the claims in this Response are the amendments specifically requested by the Examiner and therefore should put the application in condition for allowance.

A replacement Table 1 having corrected line spacing is submitted herewith.

Claims 1-5 and 7-15 are pending in this application. Claims 1, 13 and 15 have been amended in order to more clearly describe the claimed invention. Specifically, claims 1, 13 and 15 have has been amended to include the limitations of claims 3, 6 and 8, and claims 3, 6, and 8 have been deleted. Claims 1, 13 and 15 have also been amended to include several compounds listed in claim 7, and claim 7 has been amended accordingly. Finally, as requested by the Examiner, claims 1, 13, and 15 have been amended to specify the weight ratios of the components. Support for these amendments can be found in the specification of the application at page 11, line 30 to page 12, line 3.

No new matter has been added.

The Examiner has previously indicated in a Phone Interview on June 2, 2004 that the claims would be allowable if amended as noted above and specifically to include the weight ratios of the components. This amendment therefore places the claims in condition for

allowance. Attorney for applicants' assignee therefore requests that the Examiner enter these amendments and allow the claims.

PETITION FOR TWO-MONTH TIME EXTENSION

To the extent necessary, under 37 C.F.R. § 1.136(a) (1998) assignee hereby petitions that the period for responding be extended for two months, up to and including February 9, 2005. Enclosed is a check in the amount of \$450.00 to cover the appropriate fee for this extension under 37 C.F.R. § 1.17. Please charge any additional fees or credit any overpayment to Deposit Order Account No. 11-0855.

CONCLUSION

For at least the reasons detailed above, the present application is in condition for immediate allowance, and an early notification to that effect is earnestly solicited.

Please charge any additional fees or credit any overpayment to Deposit Order Account No. 11-0855.

Respectfully submitted,

Camilla C. Williams
